RE: C00243428 ? Andrews for Congress

Dear Mr. Fortkiewicz:

This letter serves as explanation to the request for additional information we recently received. I want to clarify the contributions in question.

We did not accept any contributions as contributions for the Primary election that were made after the Primary election on June 5, 2012. Following the Date made/date received guidelines as they are stated, we only accepted contributions that were made before the Primary. Notations have been made in the note field of the contributions that were made prior to the Primary.

The entries that were made after the Primary on June 5, 2012 were meant for the General election, but there were data entry errors in the contributions in our reporting software. The ""period"" field is automatically populated, and with thousands of dollars of contributions to enter at a time, and a mix of contributions for the Primary and General elections, I must have been going too quickly and did not change the period to ""General"" with every contribution that was meant to be designated to the General election.

Thank you for pointing out these errors. After a careful review of my records and the entries into our reporting software, I believe I have corrected all of the improperly designated contributions, and made more specific notes on the properly designated contributions. I have submitted an amended Quarterly report to the FEC. If you have any further questions, please do not hesitate to contact me.

Very truly yours,

Robyn A. D. Ferdinand
Treasurer
Andrews for Congress Committee
